JONATHAN DAYTON REGIONAL HIGH SCHOOL
SPRINGFIELD – NEW JERSEY

I N T R O D U C T I O N

As we, the Class of 1962, made our way through four years at Jonathan Dayton Regional High School, we gave little thought to the purpose of our high school education. Now, as graduation approaches, we must try to see Regional in the light of our future lives. We must realize that here at Regional we have been laying the foundation for all we may ever do. The theme of the 1962 REGIONALOGUE, "Countdown to the Future," recognizes the importance of all we have done here. It reflects the influence of Regional on our futures. It recognizes the significance of the preparation, the "Countdown," without which our lives would be meaningless.

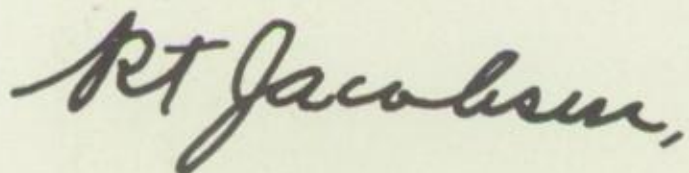

The future of the Class of 1962 is unknown. However, we have reason to be optimistic. We have been well prepared to meet whatever life may bring. The countdown is almost complete. All that is left for us is to make use of the learning and understanding we have gained at Dayton Regional.

To the Class of 1962:

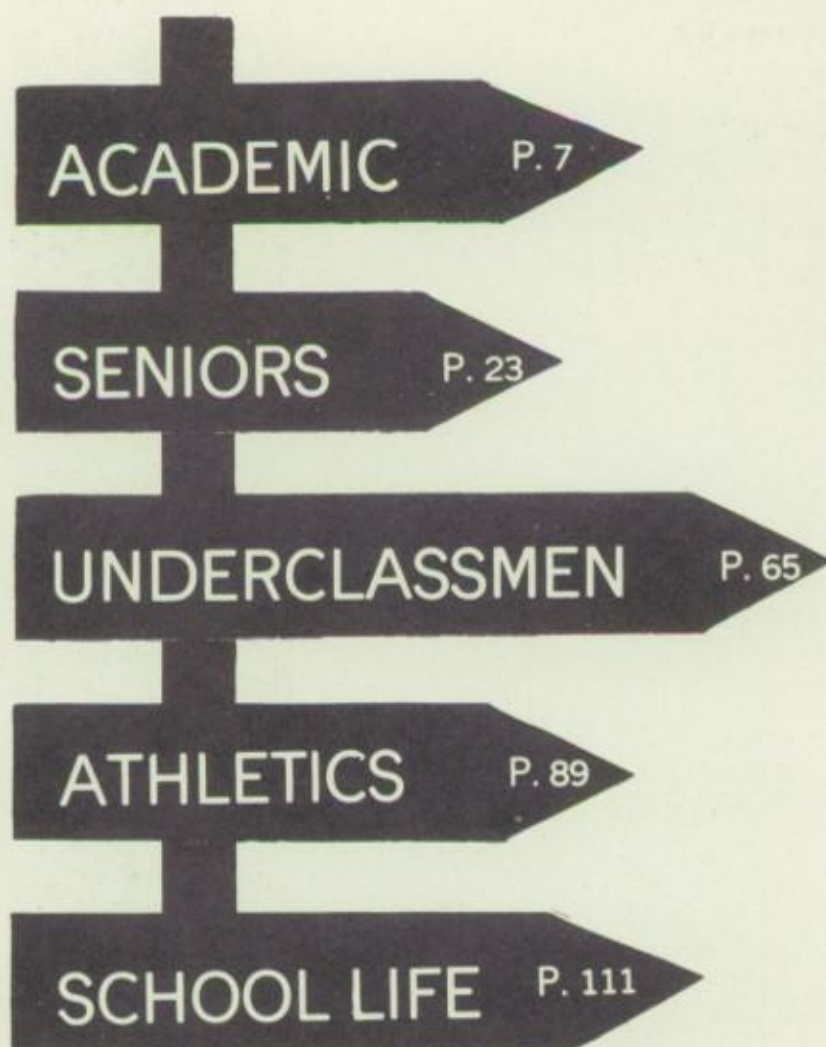

As you leave your Alma Mater and embark upon other areas of study or work we trust that you have learned your lessons well. The future holds many opportunities in store for you. However, always remember that what these opportunities are, depends upon you! We wish you good luck and Godspeed. Let us hear of the accomplishments of the Class of 1962.

Sincerely,

R. T. JACOBSEN

MISS CHARLOTTE SINGER

IN DEDICATION TO
MISS CHARLOTTE SINGER

We will always be grateful, Miss Singer, for the part you played in preparing us for the years that lie ahead. During the past four years we have found wisdom in your guidance and security in your patience and understanding. We have always relied on your judgment. It was you who gave us the incentive when all seemed so far beyond our reach. As the memories of our high school years flood through our minds, the extra time and effort you took to help make our stay at Regional more fruitful and successful, we remember with gratitude.

At the end of the count down to the future, we are again reminded of the significance of these, your gifts to us. As graduation approaches, your kindness and consideration play a major part in preparing us for this memorable event. For, if it were not for your extra interest in the individual problems of both students and parents, our future years might not hold the meaning and promise that they now do.

Thus, the Class of 1962, in gratitude for your contributions and guidance, proudly presents its most precious gift, the dedication of the **Regionologue**.

MRS. JOHN REEVES

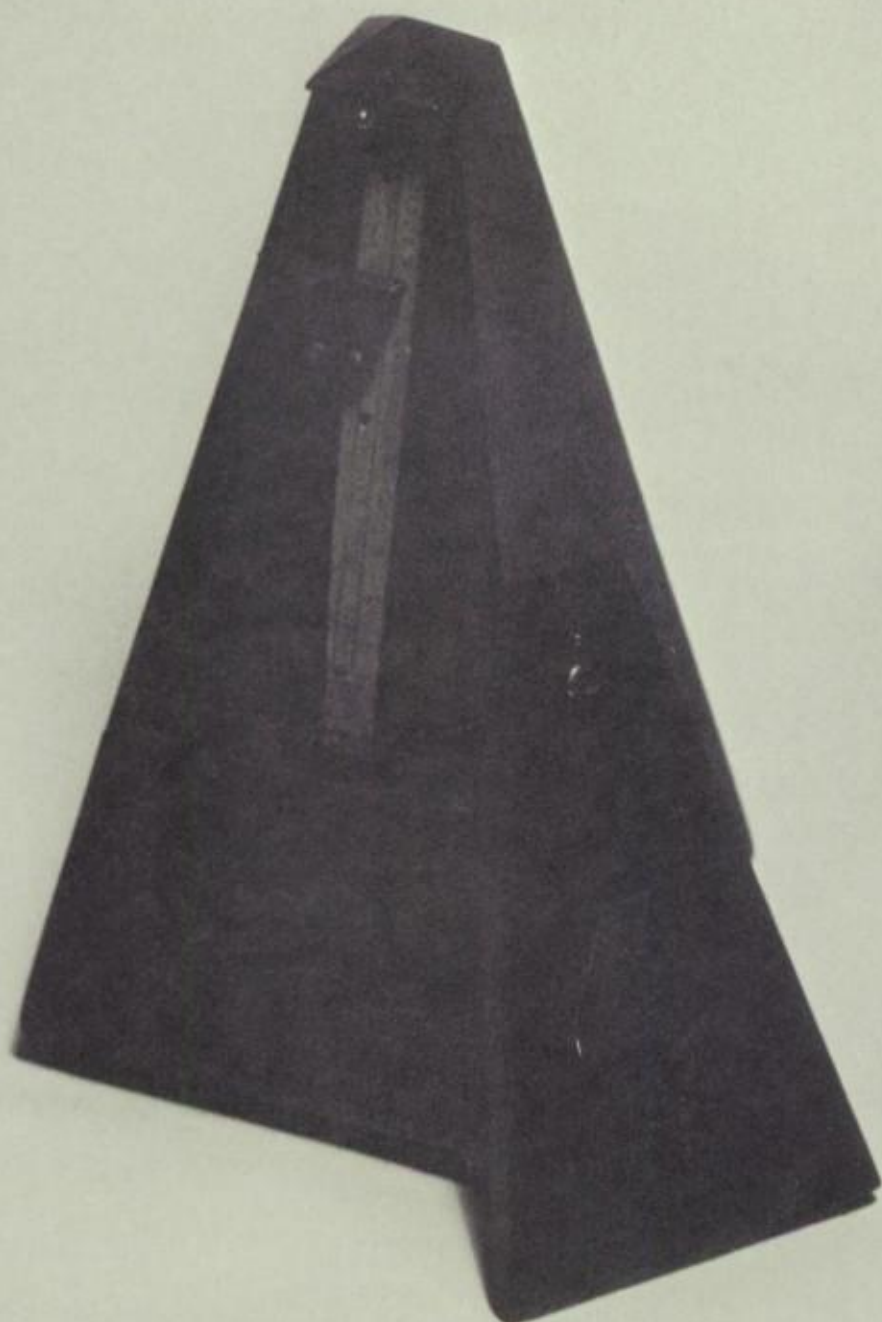

IN MEMORIAM

The untimely death of Mrs. John Reeves, in the fall of 1961, ended thirty years of dedicated service to the field of education. Her early teaching years were spent in the south Jersey and Bernardsville school systems. For many years she taught tubercular children of high school age at Runnel's Hospital in Berkeley Heights while occupying a position on the staff of Jonathan Dayton Regional High School. She had been teaching at the high school for little more than a year when she died.

Mrs. Reeves will be remembered fondly by pupils and faculty for her devotion to her work and for her kindness and concern for other people.

Mrs. Muriel Muller

ENGLISH DEPARTMENT

English is one of the major subjects studied at Regional. It is made interesting and enjoyable by our capable instructors. The aim of the English courses are to provide the student with rich and varied experiences which can be enjoyed through the study of literature. In the freshman and sophomore years the student becomes acquainted with literary form and style. American literature from Puritan times to the present is studied in our junior course. The English culture as it is reflected in literature from *Beowulf* to modern English authors is the subject of the senior course.

THE FOREIGN LANGUAGE DEPARTMENT

The teaching of foreign languages in our school is based on the belief that language is a means of communication. In the elementary classes, the emphasis is placed on comprehension and conversation. Reading and writing are stressed in the advanced classes. Classroom instruction is supplemented with work in the language laboratory.

STANDING L. to R.: H. Rogers, R. Meyer, A. Caprio, R. Concepcion, A. Kavalecs **SEATED** L. Sarwin, J. Good, L. Hart.

Mr. August Caprio

MUSIC DEPARTMENT

The aims of the Music Department are to develop desirable attitudes and tastes in music, and to develop an awareness and appreciation of the feelings and aspirations of others. Music may well be the vehicle for finding emotional stability.

STANDING, L. to R.: N. Romeo, E. Brown **SITTING**, W. Peters.

L. to R.: D. Harkness, C. Crook, M. Parrish, M. Seifert, R. Scott, R. Stanford, S. Cepreghy.

SCIENCE DEPARTMENT

This past year the Science Department expanded its program with success. Two more courses, biology and physics, were added to chemistry to complete the cycle of our advanced courses. The elementary and intermediate courses still provide the basic knowledge necessary for the specialized courses.

L. to R.: P. Danilo, A. La Sota.

AGRICULTURE DEPARTMENT

The Agriculture Department is designed to prepare students for further work in agriculture, either in a career upon graduation or in college. The students also participate in community affairs. Each year they hold a fair to inform the community of their projects, and at Christmas time the Future Farmers of America sponsor a food drive so that the needy may enjoy a Yuletide feast.

Mr. Walter Hohn

Miss Mary Ann Ulbrich

HOME ECONOMICS DEPARTMENT

By emphasizing those skills, attitudes, and ideas that apply to a girl's daily life, the Home Economics Department attempts to prepare her for the enjoyment and satisfactions of successful home living in later years. Through such courses as Foods, Clothing, Home Decoration, and Home Management, practical experiences are provided as often as possible to offer realistic situations for effective learning.

STANDING, C. Taglienti; SEATED, E. Sales.

Mr. Joseph Sott

STANDING, L. to R.: L. Zarrello, J. Palfi, J. Scott, D. Wayne, C. Crook. **SITTING, C. Abbruscato, E. Stender, F. Doherty, S. Bialecki.**

GUIDANCE DEPARTMENT

The Guidance Department offers many services to the students of our school; counseling and testing are just two. Through counseling, the college-bound student is encouraged to follow a four-year program in which he completes specific steps each year. Vocational students are given the opportunity to hear speakers who represent many different careers and to visit various businesses and industrial plants in order to help them decide on their future jobs. All students receive general aptitude, interest and achievement tests; others are tested to measure specific skills.

L. to R.: M. Lefever, H. Crawford, M. Giannone, T. Gambino.

MATHEMATICS DEPARTMENT

Regional has intensified its efforts in the Mathematics Department. Algebra 2 has been added to follow in sequence elementary Algebra for those students who have selected the accelerated or enriched program. The math program offers an excellent opportunity for those students who wish to continue in the field of mathematics.

Miss Charlotte Singer

BOTTOM ROW, C. Mason, J. Cusumano.

Miss Pauline Kieth

SOCIAL STUDIES DEPARTMENT

A knowledge of social studies enables the student to weigh political, social, and economic problems in the past, present, and future. In addition to sound basic courses in United States history, Regional offers a diversified program including the Foundations of American Culture, History of the Far East, and Development of Western Thought. The department has been especially successful in its introduction of an advanced course in United States history. Students who desire to pursue one of the many areas of social studies will find at Regional a strong foundation for their future.

STANDING, L. to R.: M. Gurbach, A. Balshan, S. Werner, M. Taglienti, R. Marty
SEATED, D. Cassak, V. Baldwin.

COMMERCIAL DEPARTMENT

The principal aim of the teachers in the Commercial Department is to develop in each student a salable skill or skills which will enable him upon graduation to obtain employment of his choice. Speakers from business organization and companies are invited to the school to talk with juniors and seniors. If students take advantage of these opportunities, they are better able to meet competition and to be successful in their jobs.

Mr. Donald Hoagland

Mr. Stanley Werner

INDUSTRIAL ARTS

The courses in the Industrial Arts Department give the student a basic knowledge of metal and wood work, printing, agriculture, and the graphic arts. They teach him skills which will assist him in his selected vocation.

Mr. Donald Hoagland, the new coordinator of the Industrial Arts Department, replaced Mr. Lewis Fredericks, who became Chief Purchasing Agent for the Regional High School District.

Students in the industrial arts program have represented Jonathan Dayton High School well. They have won numerous prizes at the Industrial Arts Exhibit in Asbury Park and at the Craftsman's Fair in Newark.

L. to R.: H. Macnab, S. Grossman, A. Rothbard, R. Kahn.

STANDING L. to R.: R. Lummer, T. Santoguida, J. Bicknell, J. Swedish SEATED J. Mills, H. Palmer.

STANDING L. to R.: H. Hooper, E. Eames KNEELING D. Howard, L. Conley.

Mr. John Brown

PHYSICAL EDUCATION DEPARTMENT

In an effort to round out the students' curriculum, a variety of sports is presented. In order to coincide with the current health education program, which consists of a continuous nine-week course of study for each grade level, the physical education classes are divided into nine-week periods. Sport skills taught to students remain with them and contribute to their well being throughout their lives.

DRIVER EDUCATION DEPARTMENT

The primary objective of the Driver Education course is to teach young drivers to obey all traffic regulations in order to help stem the upward tide of traffic deaths on our nation's highways. The department tries to develop in students the virtues of patience and tolerance and encourages them to instill these virtues in others.

L. to R.: P. Scocca, H. Hooper, J. Swedish, R. Lummer, J. Mills.

L. to R.: J. Meeker, A. Gonnella, O. Slotterbeck.

L. to R.: Dr. D. Merachnik, Mrs. S. Murray.

The Department of Special Services is unique in that it is comprised of both instructional and non-instructional personnel. This department is concerned with specialized services for students which, when offered, permit students to do a better job in learning. These services include: health services, psychological testing and counseling, referral to community resources, parent counseling, educational programs for exceptional students, reading programs, home instruction programs for ill students, and transportation arrangements for students needing such facilities.

The personnel of this department are all specialists who utilize their skills in helping students develop their maximum potentials for learning. Without nurses, psychologists, or specialists in education, many students would be unable to do their best. While the health services are offered to all students, the majority of Special Services' functions are offered only to those students who are in need of them. For this reason some students may be unfamiliar with the department and its personnel.

Mrs. A. Miliano, Miss B. Dimmers

JONATHAN DAYTON HIGH SCHOOL LIBRARY

The library is a department of the school designed to serve the needs of students and teachers in all areas of high school work. Materials for reference, research and leisure reading have been provided for all levels of ability. The library is frequently used as a classroom lab where students, teachers, and Miss Dimmers, the librarian, work together.

HEALTH OFFICE

The Health Office, under the direction of Mrs. Montgomery, is the center of health services for the students. These services include general physical, vision, hearing and dental examinations. Students who are injured or become ill during school are given immediate care. Conferences are also held with students about improving their health habits and correcting any health deficiencies.

Mr. D. Brodman

Mrs. R. Montgomery

ART DEPARTMENT

The art program under the direction of Mr. David Brodman, offers the students an opportunity to develop their aesthetic sense through class work and observation. The art classes have provided the main office with a constantly changing display of the best examples of students' art work. The display case in front of the art room is a focal point for visitors who can see unusual exhibits there ranging from designs formed from various seeds and grains to modernistic sculpture. The art courses introduce the students to both fine and commercial art and their various media.

GUIDANCE OFFICE SECRETARIES

The Guidance Office staff is responsible for the majority of written contacts between students and colleges or businesses. They prepare the students' high school transcripts and send them to college admissions offices and prospective employees. Typing letters of recommendation and recording scores from national tests, such as College Boards, are among their other functions.

L. to R.: A. Zucker, J. Longfield

L. to R.: M. Della Sala, Mr. T. Gambino, Mrs. V. Baldwin

THE BOARD OF EDUCATION

The secretaries of the Board of Education handle all correspondence and paper work for the Board. They maintain all records on administration and faculty, make out the payroll, and arrange for settlement of health insurance claims.

L. to R.: F. Danilko, M. Heeney, J. Mumford, M. Baker

THE BOARD OF EDUCATION

L. to R.: R. Melick, C. Ladner, D. Anderson

MAIN OFFICE STAFF

The staff of the main office is responsible for maintaining the multitudinous procedures and operations of the school. Their various jobs include mimeographing bulletins and material for the faculty, keeping attendance records for the state, operating the switch-board, distributing school supplies, and assisting Miss Romano and Dr. Jacobsen with paper work.

CAFETERIA AND JANITORIAL STAFFS

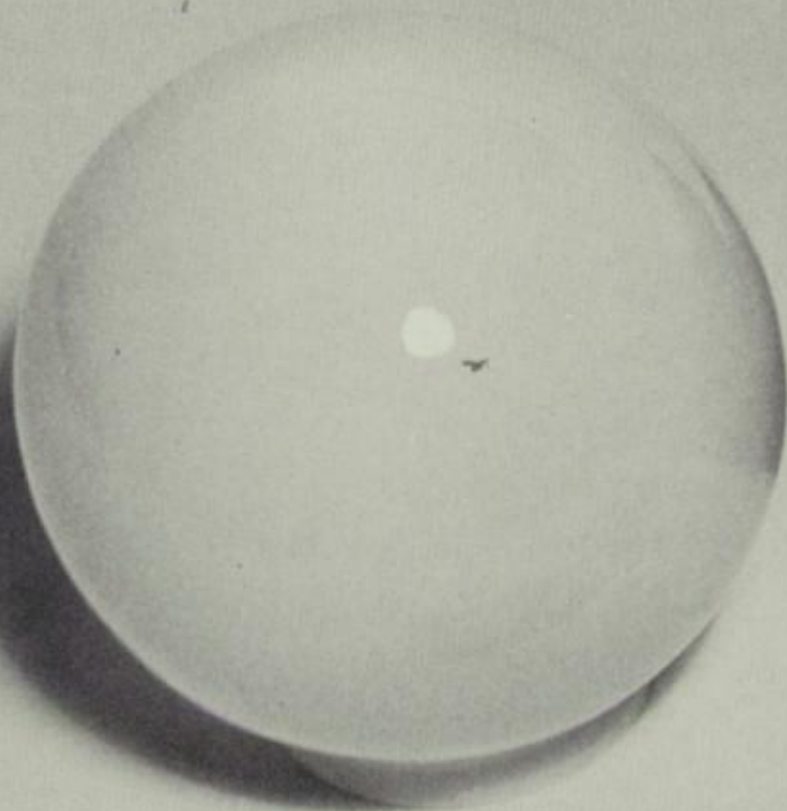

Mr. E. Frey

The janitors are on the job daily keeping the rooms and halls of Regional spotless and shiny. They are also the last ones to leave the building at night, except when the Regionologue staff burns the midnight oil. The cafeterial staff begins early in the morning to prepare the nutritious meals we eat and is also responsible for seeing that the cafeteria is kept neat and clean.

The loss of last year's stars, Joe Vizzoni and Ken Ryder, was felt this year. With four inexperienced players on the forward line, our offense could not get rolling. Its record of 2-12-2 showed this lack of offense.

The defense was the strongest point of the team. Led by

lettermen Dennis Francis, Elliot Wortzel, and Charlie Muratore, our defense shone and the goals scored against us were real heartbreakers.

With the return of 7 lettermen, next year's record should improve.

L to R: L. Schaffer, C. Maglodi, R. Kirk, C. Barrita, E. Wortzel, D. Gibbons, S. Bakanowski.

Football

We want Rahway!

Coach Palmer said he wanted a size 7 1/4?

Led by Marty Sica and Tuffy Hartz, Coach Palmer's Bulldogs had a very successful season with a record of 7-1-1. The outstanding features of this year's team were defense and teamwork. Through the coaching of Mr. Palmer and his assistants, Coaches Albano, Bicknell, Mills, Yanchus, and Lummer, Regional's football team was drilled well in all phases of football. We passed and ran with precision.

Defense was, however, our mainstay. Marty Sica, at middleguard, sparkled in every game, intercepting passes and making key tackles. The other members of the defensive team should also be complimented.

For the first time in Dayton's history, we played another Regional High School. On September 30, Regional played Arthur L. Johnson H.S. in Clark and won 39-14.

A few stalwart fans watched Regional set a new scoring record in the game against Caldwell. They scored 54 points to Caldwell's 6. This game was played in a torrential rain.

The season was closed on a victorious note with Regional defeating Rahway, 32-6. This was the 25th anniversary of the Rahway — Regional rivalry.

Regional was honored when Marty Sica was chosen All-State tackle and when we became co-state champs of Group III.

Hey, this isn't working!

Coach Palmer's wrestling squad had another successful season. With the return of Tuffy Hartz and Rich Lucariello and lettermen Bill Geoghegan, Mike Bracht, and Tom Venice, our team bettered last year's record. Marty Sica, Carmen Rica, Tom Venice, Rich Lucariello and Bill Geoghegan are to be especially commended for their efforts. Coach Palmer and Coach Sachsel worked hard to mold the 1961-62 wrestling squad and to make it what it was. Joe Di Mario leads a field of promising J.V.'s and freshmen.

Basketball

ROW 1 L to R: Coach Swedish, D. Bonislowski, B. Kretzer, L. Stickle, R. Urquhart, D. Jacoby. ROW 2: D. Francis, H. Bell, B. Nelson, S. Berger, J. Apgar.

Despite the loss of six men through graduation and one man to the wrestling team, the prospects of this year's basketball team seemed good. Through the tutoring of Coach Swedish, this year's team was able to better last year's disappointing season. With Jack Apgar in the backcourt and Ted Schuss and Dave Bonislowski in the forecourt, our scoring has been high.

Although the season started out well, we suffered losses to the top teams in the country and ended with a losing season. With three juniors and one sophomore on this year's team, our record should be better next year.

Track

This year's track team was working under the severe handicap of the loss of last year's key men. Returning lettermen Ed Erskine, Bill Geoghegan, John Kieffer and Tuffy Hartz served as a nucleus on which to build a team that worked hard in its various meets.

Another run for us.

Regional's Mighty Casey

Don't tell anyone but this was posed.

With starters Rich Sevrin, Dan Mascara, Jack Apgar and Tony Fevola returning, our baseball team should have another successful season.

Returning lettermen, L. to R.: A. Fevola, J. Apgar, D. Mascara, R. Sevrin.

Girls' Sports

G.A.A. Officers

L. to R.: Judy DiBiase, Karen Kauer, Helene Rau, Marianne Miller.

Throughout the year our gym instructors are kept busy supervising after-school activities. Teams of the students' own choosing participate in the year-round sports program offered at Regional. In the fall the girls can be seen on the field after school booting the soccer ball or wildly chasing after the hockey ball while the referee screams "sticks!" For those boys who may not be familiar with the term, "sticks" is a foul called when a player has her hockey stick raised above her shoulders.

Leaders' Club

ROW 1 L. to R.: Karen Stone, Judy DiBiase, Pat Muller, Marianne Miller. ROW 2: Joan Mentzer, Elaine Bouchard, Kathy Murphy, Karen Kauer, Helene Rau, Joan Reutershan.

Hockey

Where'd the other team go?

In both hockey and soccer our girls managed to maintain an impressive record in the county in competition with other schools.

When the weather gets colder, the girls move inside. This year approximately one hundred and sixty girls bowled at Echo Lanes and those teams or individuals with the highest scores received trophies for their achievement. Still others went out for volleyball or recreational games. The recreational games are a new extracurricular activity at Regional and they include shuffleboard, ping-pong, and duck-pin bowling.

Volleyball is an important activity, with eight teams playing on each of three days of the week. In the intramural competition three teams came out on top for their respective days. They were Joan Molluso's team, Judy Grabarz's team, and Carol Mihlon's team. Judy's team, called Judy's Jerks, won the final play-off, making it Regional's best.

Basketball is also a favorite cold weather sport. As in most of our sports, league teams are formed by the girls themselves and play weekly on a given day.

It's a ball!!!

Softball

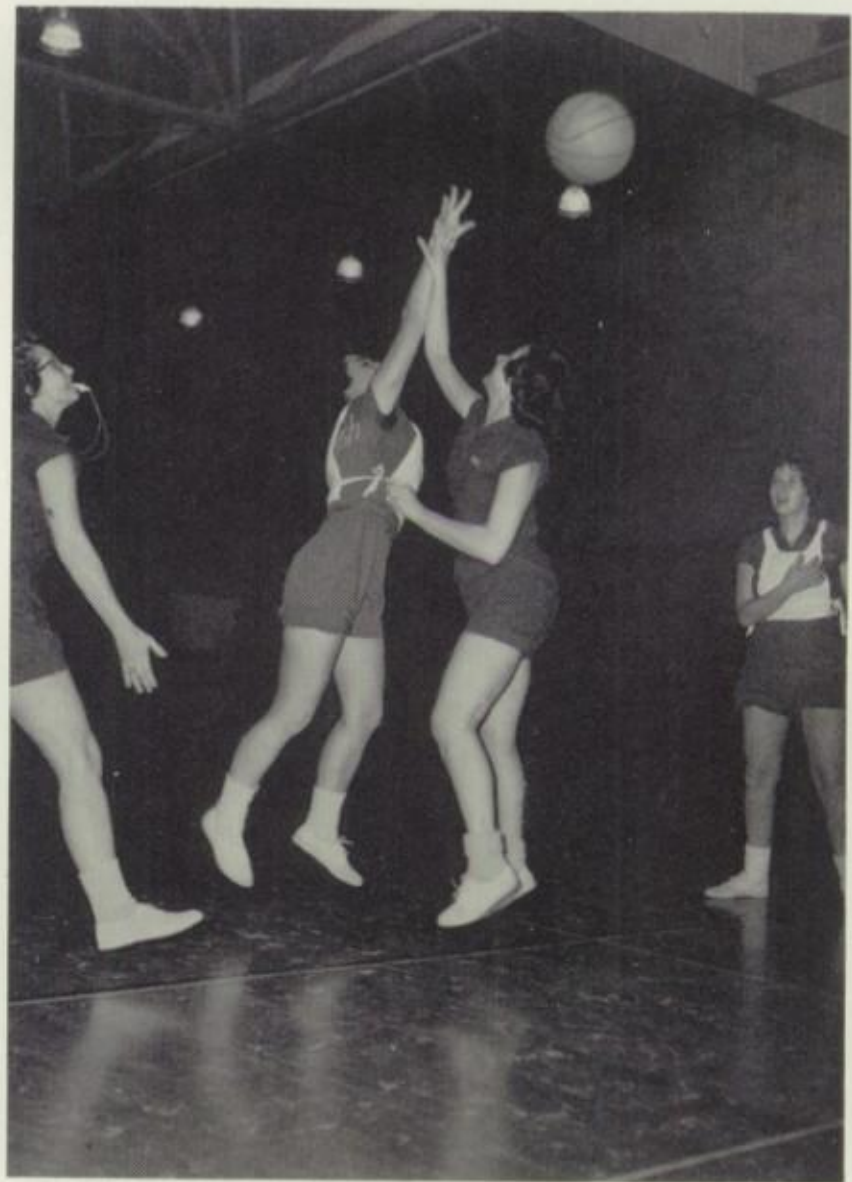

Are you ready, girls?

Basketball

Besides the league teams, there are also class basketball teams which compete with other schools and this year have maintained Regional's fine standing in the area.

When the warm weather wends its way back to Springfield, the girls again take to the outdoors, only this time to the softball diamond and the archery range. In archery the girls compete individually to attain the highest score. Softball is a team effort which gives the girls an opportunity to work off steam on the warm afternoons.

I pledge allegiance . . .

Bowling

This is how it's done.

Rec. Games

Hey, this is fun!

Archery

No, no. That's not the target!

The Champs

ROW 1 L. to R.: Sherry Stickle, Kathy Hopping, Elaine Zymroz, Sharon Tompkins, Sue French, Gail Lyons, and captain Judy Grabarz.

Volleyball

The Leader's Club is an important element in Regional's sports program. It is a select group, chosen on the basis of leadership and sportsmanship qualities. This year the Leader's Club sponsored a Christmas Open House for the mothers of the girls in our sports program. About two hundred persons attended. The Club also officiates at volleyball and basketball games. Another big activity that the club sponsors is Play-Day. Other schools are invited and many novelty games are played as well as softball, volleyball, and cageball.

Who's the wise guy?

Middletown, Conn.
Middletown, New Jersey

9:00 p. m. to 11:00 a. m.

THIS IS OUR ALMA MATER as it stands majestically in the golden sunlight of a summer day. Its halls have seen many students, all of whom have become a part of Dayton's heritage.

As towns of the Regional district grew, our school likewise expanded. New accommodations were made for growing needs. The Regional tower, a Springfield landmark, continued to hail students from many towns until greater population growth forced the opening of the

Arthur L. Johnson Regional School in Clark. Two years ago another Regional school opened, this time in Berkeley Heights.

We can be proud of our Alma Mater and the reputation that accompanies it. Its Georgian architecture, picturesque campus and the happy memories it holds for each student, past and present, make Regional the school we love and cherish in our hearts.

REGIONALOGUE

This year's Regionalogue staff worked diligently and effectively in completing this year's yearbook. With the advice of its new advisor, Mrs. Hahn, the yearbook was accomplished, step by step, meeting each deadline. Any sophomore, junior, or senior willing to work, may join the Regionalogue staff. The task of completing a yearbook is difficult and arduous; however, it can be very rewarding. Therefore this year's staff gives special thanks to Barbara Nadler and Paul Becker.

NATIONAL HONOR SOCIETY

Membership in either of these honor societies is one of the greatest awards a student can receive. The French National Honor Society rewards those French students who have maintained an "A" average in French over a period of two years. The National Honor Society is comprised of those students with outstanding character, leadership, scholarship and service to the school.

The Dayton chapter of the National Forensic League had another successful year, placing many new trophies in the traditional showcase. The N.F.L. and Debate Club are open to any student with a desire to do public speaking. Membership is attained when a participant has earned twenty-five points in actual competition and has passed an examination concerning the functions of the National Forensic League.

“CAROLS THROUGH THE CENTURIES”

December, the month of holidays, was a month of happiness and excitement for Regionalites, highlighted by the first musical concert of the year, “Carols Through the Centuries.” The vocal department under the direction of Mr. Peters presented this very fine concert on Dec. 7th. Those who saw the performance will long remember it as one of this year’s many fine accomplishments.

DINO

"Dino," a three act drama, was presented in November as the senior play of the Class of 1962. The play dealt with the reformation of Dino, a juvenile delinquent, by Shirley, who accomplished this miracle through patience and understanding.

Dino was the stereotype of the misunderstood adolescent who had served a four year term in reform school for murder. His younger brother was impressed with Dino's notoriety and wanted to follow the same pattern.

At the settlement house, Dino met Shirley, a shy intellectual whose honesty and trust gave Dino the first real friendship of his life. Through her, he saw the reflection of good, rather than evil; he learned to love rather than to hate. Dino's reformation kept his brother from leading a life of crime as well.

The audience warmly approved both the play and the actors.

This year's Student Council again made it possible with the co-operation of the Herald Tribune Youth Forum to bring two foreign exchange students to Regional. Alem Seged Habtu of Ethiopia and Salah Asa'd of Jordan both enjoyed a stay of two weeks in Springfield, staying at the homes of Elliot Wortzel and Ed Franzese, respectively. It is our hope that next year we will have a foreign student for one year under the American Field Service Program.

February 7, 1962, was the day of reward for a great deal of effort applied by students and Mr. Karish. This year's Model United Nations Assembly, in which Dayton participated with Clark and Berkeley Heights, was the most successful of years past. Bob Seltzer did an excellent job of fulfilling the duties of President of the Assembly. However, the highlights of the assembly were the speeches given by this year's foreign exchange students in their native tongue. We look forward to a similar opportunity next year with equal success.

INORGANIC IONS AND HEART CONTRACTION

Chemistry aids biology in helping mankind.

The Fourth Annual Science Fair held at Jonathon Dayton Regional High School on March 15 and 16 can be described as an explosive success. The Fair, however, did more than provide mere enjoyment to the visitors and a feeling of pride to the participants; it indicated the great interest in science among young people today which is our nation's hope for the future.

All three Regional Schools and the junior high grades of the Springfield elementary school entered the competition. Individual and group projects covered all major fields of science including chemistry, biology, mathematics, physics and the natural sciences.

The project, "Removal of Radio-Strontium," which won first prize in the chemistry division for Carl Wamser, is shown here. Other first place winners from the Regional High Schools were John Melack, in the ninth

Mr. George M. Barclay, general chairman of the Science Fair, and his two assistants, Mr. Walter A. Hohn and Mr. Joseph J. Sott, co-ordinators of the Science and Math Departments respectively, deserve special credit, as do the judges from the many near-by schools and industries.

Ever since the age of prehistoric man, we have been battling to overcome the physical obstacles of this world. The progress that has been made can be seen through the photographs on these pages. They give us some indication of our "Countdown to the Future."

JOURNEY"

The two major social whirls of the year were similar on several counts. They had the same setting, the same menu, the same queen.

The Junior Prom, entitled "Sentimental Journey," was held at the Martinsville Inn on May 6, 1961. One of the highlights of the evening was the distribution of the favors, each of which bore the inscription "S.S. Dayton '62". The biggest event of the evening, however, was the crowning of the Queen of the Prom, Susan Staiger. Tasty steak dinners provided the energy for a gala evening of dancing.

"April in Paris" was the theme of the Senior Ball held on April 6, 1962. Gaily colored, stuffed French poodles, clipped and trimmed with white fuzz, were the favors distributed to compliment the decor of the Martinsville Inn that night. Once again Sue Staiger reigned as Queen of the Ball.

The steak dinners had to provide an extra amount of energy. For the first time in the history of Regional, the tiring Twist topped the choice of dances, and girls shed their shoes to join the wild gyrations.

"APRIL

I N P A R I S

The recent success of the "Twist" in the United States has spread to all age groups with varied effects. According to the originators and the teen-age set the twist is pure enjoyment. The older folk thought it was an obscene dance, until they learned it trimmed the waistline. The craze continued to spread until Grandma and Grandpa did the twist to "keep in shape" and found in many cases it did more harm than good. The twist is shown to be most popular, though, among the students here at Regional, as evidenced by the above picture taken at the Senior Ball.

"That's mine and you can't have it!"

"We're the beauties of Regional in fashions from Dior."

"The faculty strikes again."

On March 30, the Senior team took on the big, tough Faculty Five in a bid to establish student superiority on the courts. The team, which based its attack around speed and deft ball handling, consisted of: Marty Sica, Larry Stickle, Danny Oliva, Larry Sullivan, Jim Crowley, Dennis Lawson, Bob Muller, Mark Friedman, Rich Blafer, Anthony Fevola, Eddy Erskine, Jay Molluso, Elliot Wortzel, Joe De Nichols, and Tuffy Hartz.

The Faculty team consisted of such stalwart veterans as Coaches Yanchus, Jasinski, Mills, Taglienti, Albano, and Lummer who were joined this year by neophytes Martin, Gurbach, Gonella, Santaguida, and Palfi.

The buses take on a group of oddly dressed seniors for the annual Senior trip to Vacation Valley in the Poconos.

Remembering last year's success, the Faculty team exuded confidence in an unqualified victory. The Student team, however, expressed belief in its ability to handle the power-laden faculty.

Rallied by a large and enthusiastic crowd of loyal students, the Student cheerleaders tried in every way to give the Student team an edge over their veteran opponents by even giving towering Marty Sica a step ladder from which to shoot foul shots. These desperate attempts, however, were futile. In a last minute burst of energy, the Faculty Five demonstrated smooth efficiency by squeezing out the Student team by a tight score of 52-47.

THE UNEXPECTED AT REGIONAL

Mr. Caprio, Language Department Coordinator, oversees repairs on a water main.

This year Regional managed to make the front page newspaper headlines when a water main broke and school was dismissed before the day had begun. It was estimated that several feet of water had to be pumped out of the cellar.

Later in the year, a more disrupting event occurred when the school was informed that a bomb had been planted in the building. The school was cleared of students for most of the sixth period, while firemen and authorities searched the premises. To make

up the time lost, students had to remain after school the following Thursday.

Nothing explosive was found, although everyone felt a sudden chill when an overhead jet broke the sound barrier during the excitement.

The expected and the unexpected events at Jonathan Dayton Regional High School combined to provide the Senior Class of 1962 with a backlog of experiences that are its Countdown to the Future.
